How you may promote EngineMap

You may promote EngineMap through any honest channel: content, social media, email newsletters or reviews. These rules apply to every channel.

- Disclose your affiliate relationship clearly in every piece of content, in line with UK ASA/CAP rules and, for US audiences, FTC guidelines.
- Make no false or misleading claims about EngineMap's features, pricing or results, and do not invent income or earnings figures.

- Do not send spam or unsolicited bulk messages, or bid on the EngineMap brand name in paid-search campaigns.
- Do not create self-referrals or use domains that could mislead visitors about your relationship with EngineMap.

Commissions, data and this agreement

Commissions and payouts

Commissions are earned only when a referred payment clears successfully. If a payment is refunded or charged back, its commission is reversed. We may withhold or deny commissions where we identify fraud or a breach of these terms. You are responsible for declaring and paying any tax on your affiliate earnings.

Your data and consent

Real Performance Solutions stores and processes your name, email address, payout details and tax information to run the programme and pay you, under UK GDPR. You agree to receive programme emails covering account activity, payouts and programme updates. You may opt out of marketing messages at any time, but essential operational notices cannot be opted out of. To exercise your data rights, contact us via your Affiliate Portal or at support@lc.realperformance.co.

Relationship and ending

You are an independent contractor, not an employee, agent or partner of Real Performance Solutions. Either side may end this agreement at any time by written notice, and commissions already earned on valid sales before that date will still be paid. We may update these terms with reasonable notice, and continued participation means acceptance. This agreement is governed by the laws of England and Wales.

Agreeing to this

You accept this agreement by ticking the agreement box on the application form at enginemap.io/affiliates. Doing so confirms that you have read and agree to these terms and that you consent to your personal data being processed as described above. We keep a record of when you agreed.
